Former Director of Nursing Glendora
Hospital, CA (AMI) AMI & NME merged to
become Tenet Healthcare

(source: www.solutionsoutsidethebox.net, &
Clavreul's own biography)

- Clavreul describes herself as an aggressive cost-cutter & hospital re-structuring consultant.
- Clavreul has not practiced bedside staff nursing since the 1970s.
- Clavreul has opposed RN-to-patient staffing ratios on behalf of healthcare industry.
- Clavreul jumped aboard Calif Gov. Arnold Schwarzenegger's attempt to roll-back RN-to-patient ratios, teacher tenure & widow pay for peace officers killed in the line of duty. But like the "Governator" was defeated in a landslide election by CA voters.

Questions to ask Clavreul:

- Who paid for your flight from Pasadena, California?
- Are you being paid for your "advise" to nurses here or are you just a - "volunteer?"
- Why are you not required to wear an I.D. badge when inside units & breakrooms?
- Do you work with the Natl. Right to Work lawyers representing the Cyfair anti-union nurse who is trying to take-away the union?
